

NOVA SERENISSIMA

Nova Serenissima S.p.A. is a leading company of his field, both for classic and modern furnishing and for turn key market. It was born in 1973 by a bright intuition of the President Uber Marchiotto: to joint in symbiosis origins and craftsmanship values to an up to date technology that permits to offer exclusive furniture for furnishing the most refined dwellings, the international hotels and offices. Nova Serenissima S.p.A. represents a different way of thinking the furnishing, offering a projecting on demand and on measure with projects made either by their own Designers on precise orders or on proposal of Architects of all over the world, with design, wood and finishing indicated by them. Near the President Uber Marchiotto, has been working his wife, Severina Raffaelli, at the head of the complex organizing and productive structure, helped by the sons Leonardo and Emiliano.

Nova Serenissima S.p.A. takes on one hundred of employers, divided into designers and business technicians of the various productive sectors (joiners, polishers, lacquerers, decorators and installers). The Company works on a covered surface of 20.000 mq divided in design-business area, production, finishing, packing, loading and technical offices.

Nevertheless the dimensions of this reality, all his collaborators carry on to follow with passion and devotion the ancient and traditional techniques that perpetuates the signs of the complex art of valuable woods working. These essences are shaped, moulded and carved according to a perfect design, respecting exactly the customer's needs and complying his wishes, thanks to the productive potentiality and to the flexibility of a Company that can offer a wide range of options with different types of wood, finishing, decorations and accessories: a "no limits" Company.

Nova Serenissima S.p.A. can offer a 360° service.

The building is examined with a visit on site by taking the measurements and listening to the customer's needs to decide the general lines of the work, considering the possible proposals or further creative inspirations.

Quality and care for details follow the furnishing, starting from his birth as projecting, looking for the more particular, more precious and more innovating options, making it unique and giving to it a touch of exclusive atmosphere; then the estimate is developed according to the needs and proposing possible options solutions.

The next step is the control of measurements, before beginning production, with experienced technicians, to grant the perfect fulfilment of the furnishing.

Production follows, step by step, the precise directions that have been agreed. Very important is also the service that Nova Serenissima S.p.A. offers for installation, that is made with his own staff, granting the best professional way of working and respecting the agreed time thanks to a rigorous up to date industrial schedule.

All this to satisfy in the most complete way, all the expectations of who trusts in Nova Serenissima S.p.A., and really thanks to his passion and care, Nova Serenissima S.p.A. counts very important customers all over the world because it has conquered the confidence of who knows to be in "good hands".
