QUALITY

EN **CERESER** selects marble, granite, onyx and travertine from the finest quarries in the world. Inspection and supervision of quarries as well as testing of blocks are entrusted to purchasing managers closely collaborating with technical specialists to maintain the utmost in quality standards.

FR **CERESER** sélectionne des marbres, des granits, des onyx et des travertins en provenance des meilleures carrières du monde entier. L'inspection et le contrôle des carrières ainsi que la sélection des blocs sont confiés à des collaborateurs responsables et des techniciens spécialisés qui garantissent un standard d'une qualité de très haut niveau.

DE **CERESER** wählt Marmor, Granit, Onyx und Travertin aus den besten Steinbrüchen der Welt. Deren Inspektion und Überwachung sowie die Auswahl und Prüfung der Blöcke obliegt der Einkaufsleitung zusammen mit Fachleuten, die höchsten Qualitätsstandard garantieren.

EN **CERESER** manages a weekly order dispatch programme to ensure reduced delivery times, even for small quantities. Two warehouses totalling **40,000 sq m**, continuous availability of materials readily in stock and a well established network of transporters provide fast delivery times around the world.

FR **CERESER** gère un programme d'expédition des commandes sur une base hebdomadaire qui garantit des livraisons rapides même pour des petites quantités. Avec deux dépôts d'une surface totale de **40.000 m²**, la disponibilité constante du matériel garantit une livraison rapide et la synergie consolidée avec les transporteurs consentent d'effectuer des livraisons rapides dans le monde entier.

DE **CERESER** bearbeitet die Aufträge in wöchentlichem Rhythmus. Dies bedeutet kürzere Lieferzeiten auch für kleinere Mengen. Zwei Lager mit einer Gesamtfläche von über **40.000 qm**, die ständige Verfügbarkeit der lieferbaren Steine sowie die herausragende Zusammenarbeit mit den Transportunternehmen gewährleisten eine schnelle Lieferung in den ganzen Welt.

LASWEB

EN **CERESER** scans and labels every slab with a special barcode to allow for continuous monitoring and traceability as well as accurate pre- and post-processing quality control, with the ability to trace to original blocks and continuously check real warehouse availability.

FR **CERESER** scanne et étiquette avec un code-barres spécial chaque tranche consentant une traçabilité constante et un contrôle qualité pré et post fabrication ainsi que la possibilité de remonter au bloc d'origine et de pouvoir vérifier constamment la disponibilité réelle du magasin.

DE **CERESER** fotografiert und etikettiert mit Barcode jede einzelne Platte. Dies sichert eine ständige Überwachung des Bearbeitungsvorgangs, die Qualitätskontrolle vor und nach der Bearbeitung, die Möglichkeit, den ursprünglichen Block zu ermitteln sowie die permanente Kontrolle des tatsächlichen Lagerbestands.

EN **CERESER** offers its clients an innovative and effective tool, accessible from any computer, to reduce order processing times: **LASWEB**. This dedicated service offers real warehouse availability, complete with pictures for each slab, and is updated daily.
