G.M.INTERNATIONAL COMPANY PROFILE

Dal 1995: anno di costituzione della **G.M. International**, grazie alla passione per le pietre naturali e ad un "management" professionale, ha sviluppato esperienza e competenza nella filiera produttiva raggiungendo elevati standard nel controllo della qualità, diventando un'azienda di riferimento in un mercato competitivo ed in continua evoluzione.

Una capacità imprenditoriale di prevedere innovazione e prospettive future ha portato a produrre materiali di nicchia e creativi come i Semipreziosi, indirizzati ad un mercato di alto livello.

"Your wishes our soul...their achievements our goal!" Since 1995 G.M.I. makes it possible...

G.M. International S.r.l., established since 1995, with passion of professional management for natural stones developed great experience and high competence in supplying the global market with slabs, tiles, cut to size and customized projects of any kind of stones required.

The challenge of reaching top standards such as quality control, client's satisfaction and reliability in service, enabled to become a reference firm in a competitive and ever evolving field.

Moreover, management's innovation and future outlook are leading the company into the creative production of "Gemstones", for the high-end market.
