

Pasquini Marino

How we are

Since 1957, we have created, designed and manufactured unique items using solid wood.

We combine traditional craftsmanship, passion, innovation, expertise, knowledge of topic and context in which they are located.

Through our projects, we create unique experiences that find their highest expression in the restaurant world, the wines preservation and the “Bien Vivre”.

Remo Pasquini

Skilled craftsman, expert in wood world,
recognized connoisseur and good food
and good wine lover, Remo Pasquini has become,
over the years, a key figure in the furniture design
for gourmet cuisine and wine storage
and preservation.

His passion has transformed the corporate DNA
that lives in products and achievements
that he designs.

Mission

We imagine and build lasting ideas, which through the wood,
take shape inside of the finest local and the best wineries in the world.

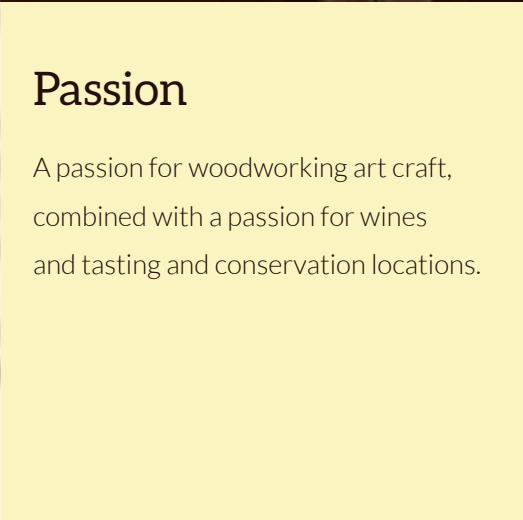

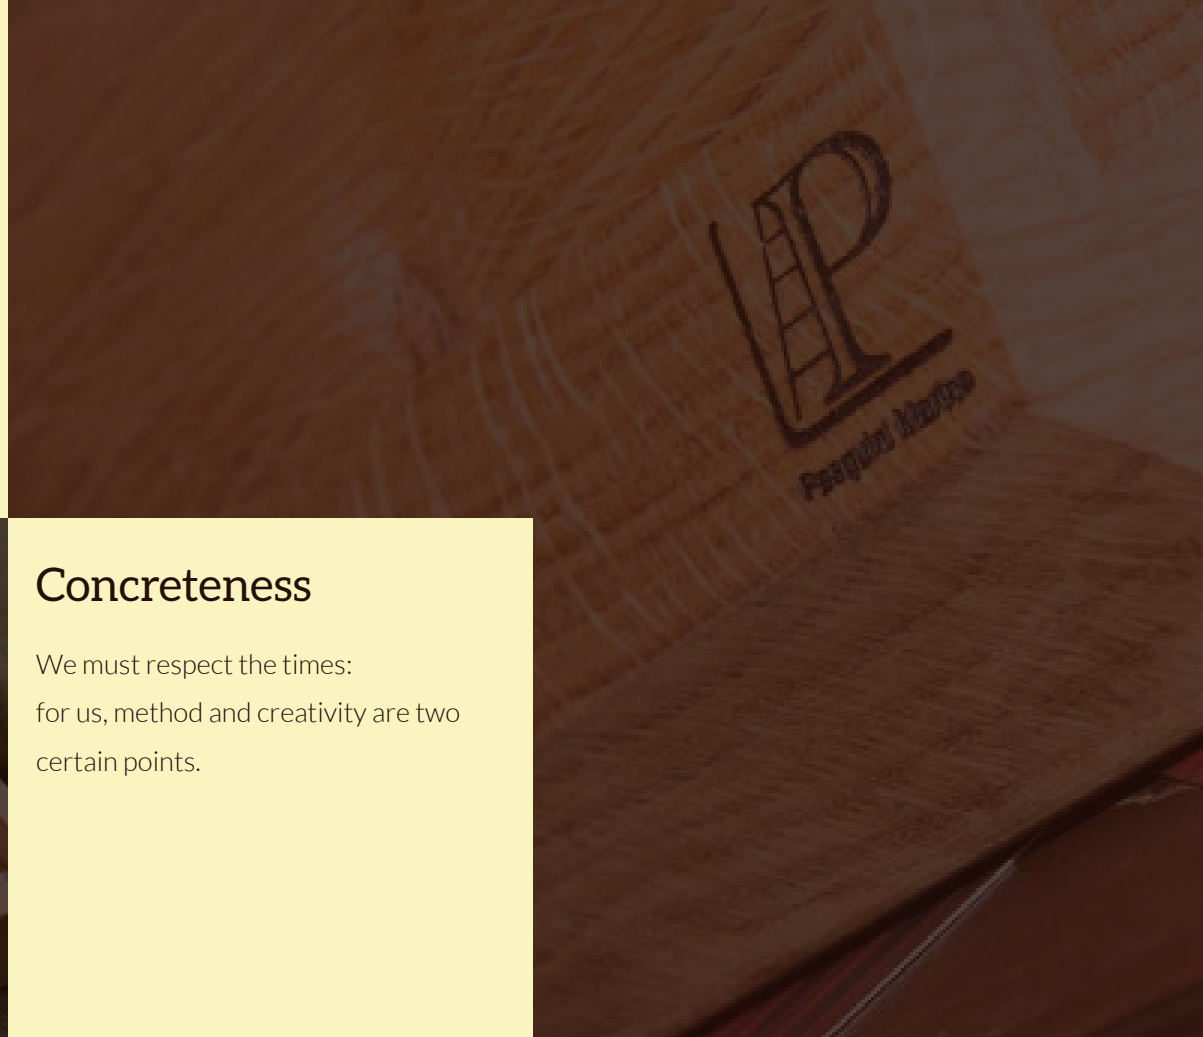

We know the needs of our customers and the environment where the consumers move.

We interpret with unique and personalized achievements,
the values of the local custom or of the labels to keep.

Curiosity

Curious, creative and innovative.
We travel and we always look around.
We are surprised by the nature beauty
and we aspire to it for new creations.

Passion

A passion for woodworking art craft,
combined with a passion for wines
and tasting and conservation locations.

Concreteness

We must respect the times:
for us, method and creativity are two
certain points.

Quality

The choice of highest quality
precious woods, manufactured with
eco-friendly techniques,
for a long lasting and timeless products.

Personalized working PLACES

The “Bottega Pasquini Marino” personalized working enrich the environments of some of the most renowned clubs and restaurants in Italy and abroad. The robustness of the solid wood is joined to the color to create modern and informal environments that enhance the visitor sensory experience. The furnishings are designed to be elegant and refined, without, of course, forget their functionality.

The artisanal component ensures a product with extremely high quality standards, while the furniture clean lines make guests comfortable.

Personalized working CELLARS

The passion for wood is intertwined with the good wine cult. Each expert knows that the position in which a bottle is maintained, together with moisture, place light and vibration, assumes a key role in its conservation.

The awareness of the critical factors related to aging of the various types of wine and the experience in cellar bottle conservation, made the “Bottega Pasquini Marino” a reference unique point for those working in this sector and for wine lovers.

Personalized working OBJECTS

The objects created by the “Bottega Pasquini Marino” are the result of a careful selection of wood and other materials, combined with carefully crafted for details. The passion for wood is combined with that one, for the design: every object has a practical function, but does not give up aesthetics research. Each element is designed to combine the wood warmth to the modern design simple lines.
